

Think ahead.

Make the safer choice

Change to paper hand towels today to meet the new hygiene standard

70%

of visitors wish more facilities offered paper hand towels as an alternative to air dryers³

Drying your hands with a jet air dryer **produces more airborne droplets²**. Paper towels are the more hygienic way to dry hands by friction removing bacteria and the recommended choice in hygiene-critical environments.⁴

Jet air dryers spread up to 10x more germs¹

A majority of end-users prefer paper hand towels over air dryers³

User preference has shifted to paper hand towels³

More benefits:

Quicker hand drying

62% of end-users say they stop drying their hands before completely dry as air dryers take too long to dry their hands³

Multi-use and comfort

75% of end-users say they use paper hand towels to avoid touching different surfaces in public restrooms³

Switching to paper hand towels has never been easier

Serve restrooms with different traffic flows, layouts and sizes with the same refill. Offering the same hygienic systems ensures that hand towels are enclosed, dispense 1 towel at a time and avoid run-outs.

Tork Matic with Sensor

- One-at-a-time automated dispensing means less towels being used in your restrooms, which means less waste, cost and clutter.
